Dear Mr. Gibson:

Re: Place ID: 794828: ERyan:
2018-19 WQIP Analytical Results for the Santa Margarita River Watershed Management Area

"In all future annual report submittals beginning with January 31, 2020, the San Diego Water Board is requiring Copermittees to provide electronic copies of all monitoring results as a separate submittal turned in concurrently with the WQIP Annual Report. For each WMA, provide a copy of the analytical results for all outfalls and receiving waters in the same Excel format as submitted to CEDEN." (Emphasis added.)

This copy of the analytical data package is submitted on behalf of the SMR WMA Copermittees: the Cities of Murrieta, Temecula, and Wildomar, the Counties of Riverside and San Diego, and the Riverside County Flood Control and Water Conservation District.

The analytical data will also be uploaded to the SMR WMA Regional Clearinghouse at: http://rcflood.org/npdes/SMRWMA.aspx.

If you have any questions regarding the analytical data package, please call Matt Yeager at 951.955.0843 or Rebekah Guill at 951.955.1273.
