

Perris Valley MDP Lateral B, Stage 4
Project No. 4-0-00009-04
Engineer's Statement

Perris Valley Channel MDP Lateral B, Stage 4 is located in March Air Reserve Base, Riverside County, California and within a portion of City of Perris. This is a District-led proposed storm drain improvement project of approximately 6,000 feet of underground reinforced concrete box that will provide improved flood protection to the March Air Reserve Base and adjacent properties.

The project will collect the 100-year runoff from the recently constructed Perris Valley Channel Lateral B, Stage 5 storm drain as part of a warehouse development located between March Air Reserve Base and Interstate 215 and convey the water south to the existing Perris Valley Channel Lateral B, Stage 2 open channel at Heacock Street. The project is bounded by industrial developments to the North, South and West located in City of Perris and March Air Reserve Base to the West.

Estimated Project Cost: \$ 15,466,856.00
