PERFORMANCE BOND

Page 2 of 3

Whenever Principal shall be, and is declared by District to be, in default under the Contract, the Surety shall promptly either remedy the default, or, if the Contract is terminated by District or the Principal's performance of the Work is discontinued, Surety shall promptly complete the Contract through its agents or independent contractors, subject to acceptance of such agents or independent contractors by District as hereinafter set forth, in accordance with its terms and conditions and to pay and perform all obligations of Principal under the Contract (including, without limitation, all obligations with respect to payment of liquidated damages) less the "Balance of the Contract Price" (as hereinafter defined); subject to the penal amount of this bond as set forth above. The term "Balance of the Contract Price," as used in this paragraph, shall mean the total amount payable to Principal by District under the Contract and any modifications thereto, less the amount previously paid by District to the Principal and less amounts that District is authorized to withhold under the terms of the Contract.

If County determines that completion of the Contract by Surety or its agents or independent contractors must be performed by a lowest responsible bidder selected pursuant to a competitive bidding process, then Surety shall comply with such processes in accordance with the requirements of District and applicable laws. Unless otherwise approved by District, in the exercise of its sole and absolute discretion, Surety shall not utilize Principal in completing performance of the Work.

No right of action shall accrue on this bond to or for the use of any person or entity other than District or its successors or assigns.

In the event any legal proceeding or arbitration is brought upon this bond by District and judgment or award is entered in favor of District as the prevailing party, Surety shall pay all costs and attorney's fees incurred by the District.

Surety's obligations hereunder are independent of the obligations of any other surety for the performance of the Contract, and suit may be brought against Surety and such other sureties, joint and severally, or against any one or more of them or against less than all of them, without impairing District's rights against the others.

Any class of laborers and mechanics (including apprentices) not listed in the schedule which will be employed on this Contract, shall be classified or reclassified, conformable to the schedule. While the wage rates shown are the minimum rates required to be paid during the life of the Contract, this is not a representation that labor can be obtained at these rates. No increase in the Contract price shall be allowed or authorized on account of the payment of wage rates in excess of those listed herein. The Contractor shall post at appropriate conspicuous points at the site of the project a schedule showing all determined minimum wage rates for the various classes of laborers and mechanics to be engaged in work on the project and all deduction, if any, required by law to be made from unpaid wages actually earned by the laborers and mechanics so engaged. Within thirty days after any worker is permitted to work over 8 hours in one calendar day due to such extraordinary emergency, the Contractor shall file with the Owner a verified report setting the nature of the emergency. The report shall contain the name of the worker and the hours worked by Contractor on the particular day. Failure to file the report within the thirty-day period shall be prima facie evidence that no extraordinary emergency existed. The Contractor and every Subcontractor shall keep an accurate record showing the name of, and actual hours worked by, each worker employed by Contractor in connection with the work executed under the Contract. The record shall be kept open at all reasonable hours to the inspection of the Owner and the Division of Labor Law Enforcement.
